Groundbreaking set for luxury homes in Oakland Township

Monday, November 4, 2013

OAKLAND TWP.

Groundbreaking set for luxury homes

County and township officials will be on-site with Auburn Hills-based Mocerri Cos. Wednesday to mark the groundbreaking on a luxury home community along Silverbell Road, east of Adams Road, that will be featured in an international event next year. More than a half-dozen architects will spend the coming months constructing homes in the community from 4,800 to 9,000 square feet priced at \$1.65 million to \$3.4 million. Once complete, the Home Builders Association of Southeastern Michigan will hold its Homearama event, a tour of the massive homes that offers attendees a chance to meet international designers.

Located near the Wyndgate Golf & Country Club, along the so-called "Billion Dollar Mile," Mocerri Cos. said some of the homes in Pinnacle will include outdoor rooms, pools and spas.

Homearama 2014 will be held Aug. 29 to Sept. 21, 2014.
