First Level	2,418 sf
Second Level	931 sf
Total	3,349 sf

The Coventry has all the special touches that are typically reserved for much larger homes. The centerpiece of the main level is the family room that overlooks the optional outdoor lanai. The kitchen is a wonderful gathering spot with its generous island and harvest room. The secluded owner's suite features an enormous spa bath with a soaking tub, separate shower and twin linen closets. The garage, which can be expanded to accommodate four vehicles, opens to a convenient mud room with laundry, coat closet, optional built-in bench and optional side porch entry.

OPTIONAL LANAI

As homebuyers are looking for interesting new design touches, efficient spaces and indoor-outdoor connections, MJC is leading the way including lanais as an option. These outdoor rooms provide a great way to entertain or to relax and enjoy the scenery.
